

Calling All HEROS!

Susan B. Anthony Project

As a local business, *you can help empower and rebuild victims* of domestic and sexual violence every day, by making it easy for your customers and employees to connect with SBAP's services and fundraising efforts. SBAP's HERO program helps raise awareness about the prevalence of interpersonal violence, ensures program delivery to those who need it, and increases community participation as we all work together to save lives and prevent future violence.

How it works: Simply display a poster, provided in your choice of 8x10 with an optional acrylic frame for desktop display or an eye-catching 11x17 size, in a prominent location at your business, featuring information about SBAP's services, engaging facts about domestic and sexual abuse, and a convenient QR code which brings supporters directly to our website, where they can learn more and make a donation. Display the poster for one month, or however long you choose, to affect real change in our community, and show your staff and customers that you stand with victims.

With your business' gift of \$100, SBAP will recognize you as a HERO via our website, social media, Annual Gratitude Report, and more.

To become a HERO or learn about more ways to support our work, contact Ashley Cerruto at acerruto@sbaproject.org or call 860-489-3798.

Find out more and make a gift at www.sbaproject.org.

Thank you for making a difference in the lives of victims and survivors!
